

H&H ON-LINE LIVESTOCK SALES

With the uncertainty of being able to conduct the forthcoming series of Pedigree Breed Sales at Carlisle, we would like to offer an On-Line 'Timed Auction Sale' service to breeders for all types of livestock.

Below are guidelines of the details required from interested consignors for setting up the On-Line Timed Auction Sale event -

- Compile an 'On-Line' sale catalogue of all lots to be offered for sale in the usual way.
- Full pedigree details of the animals for sale will be sourced from the official breed society, along with any EBV and herd/flock health information.
- A link will also be visible so prospective buyers can view further back into pedigrees if they so wish.
- Images and Videos of sale cattle/sheep to be supplied by the consignors and will be displayed on-line for buyers viewing.
- Reserve prices will be taken from the vendors prior to the sale.
- A period of 3-4 days will be allowed for prospective buyers to place their bids and they will be notified if their bid has been out-bid so that the opportunity to place another bid can be given.
- A sale levy/transfer fee will be deducted from the sale proceeds in the usual manner (if applicable).
- Sale proceeds will be made once confirmation of sale animal(s) have been delivered. Preferably all payments will be made by BACS system.
- Breeding / Warranty guarantees – sold under the normal National Beef Association or Livestock Auctioneers Association conditions of sale.
- The movement/haulage of purchased animal(s) will be agreed between vendor and purchaser. The purchaser will have 24 hours following delivery to satisfy the soundness of the animal(s).
- Any disputes from the sale of animals to be notified to the auctioneers within 24 hours of arrival.
- Animals will be sold in guineas.

Anyone wishing to see how this system will work, we intend to operate a sale in early April and are looking to use this event as the first On-Line Timed Auction Sale during these difficult times. We will be able to take from this any areas which need to be improved for future events.

The above information is a rough guide to the basis of how we intend to carry out the future On-Line Sales and please accept that under the Government guidelines these could change at any time.

Further information is available from the Auctioneers –
