Look what the Bleu du Maine can do for you ...

The pure bred ewe is an enthusiastic mother who will produce an excellent lambing percentage of around 200% in a commercial flock. The ewe has a wide pelvis which is great for ease of lambing in the current climate of high labour costs.

The breed is widely recognised as having an abundance of milk & the lambs are very lively at birth & are on the feet & keen to suckle very quickly.

Pictured below is an 8yr old ewe, a prolific show winner and a great example of the longevity of the breed.

The Millennium Bleu has been a great success story for the breed. The MB is the product of crossing the Bleu with a Beltex and the lambs benefit from the cross bred vigour, have good skins with improved conformation coming from the Beltex sire, whilst retaining the well recorded attributes of the Bleu ewe with her excellent mothering abilities, prolificacy and plenty of milk.
